Agricultural and Applied Economics Welcomes New Department Head

Dr. Octavio A. Ramírez began his work as Head of the Department of Agricultural and Applied Economics at the University of Georgia on June 1, 2008. He comes to UGA from New Mexico State University in Las Cruces, New Mexico where he was Head of the Department of Agricultural Economics and Agricultural Business. Before that, he served as an associate professor of agricultural and applied economics at Texas Tech University in Lubbock, Texas.

The department is hosting a reception to welcome Dr. Ramírez on July 10, 2008 at 3:00 p.m. in the lobby of Conner Hall. Departmental alumni are invited. If you plan to attend, please R.S.V.P. to Audrey Hudson at 706-542-0763 by June 26.

Greetings from the Department Head

Dear Friends:

It is a pleasure to be in touch with you for the first time through this newsletter. I am elated to assume the responsibility of leading the Department of Agricultural and Applied Economics (AAEC) here at the University of Georgia (UGA). It is an honor to become a part of this great university and to serve in the administration of the College of Agricultural and Environmental Sciences (CAES). Without a doubt, UGA and CAES enjoy a reputation of academic excellence across the state, as well as nationally and internationally.

I am also glad to report that the AAEC Department is home to outstanding teaching, research and extension programs led by faculty members whose scholarly qualifications are at par with the very best in the nation. Our undergraduate and graduate students are sought by industry at highly competitive salaries. Our research programs address critical state needs with unbending academic rigor. Therefore, the results of this research are often published in prestigious scientific journals which ensure their soundness. Our extension programs are recognized for their responsiveness to the needs of the state's food and agribusiness industry, consumers, policy makers, natural resource and environmental concerns, and the general citizenry.

Yet, we will continue striving to improve the quality, relevance and breadth of our programs. We are determined to serve the state of Georgia by offering the very best agribusiness and resource & environmental economics/policy teaching, research and extension programs in the nation. In future issues of this newsletter, I will keep you updated on our progress in this path to uncompromising excellence.

ConnerConnects, 2008

The annual Conner Connects Banquet was held on April 15, 2008 at the State Botanical Gardens Georgia Visitors Center in Athens, Georgia. The awards ceremony celebrated accomplishments of graduate and undergraduate students and their appreciation of faculty and staff members. The speaker was Ally Barnes, a 2006 graduate who is now the Southeastern Claims Manager for the Crop Division of Great American Insurance Company. The banquet offered a wonderful opportunity for college administration, alumni, students, parents, faculty, staff, and friends to become better acquainted and enjoy a delicious meal together.

Outstanding Agricultural Economist Awards—Now Accepting Nominations

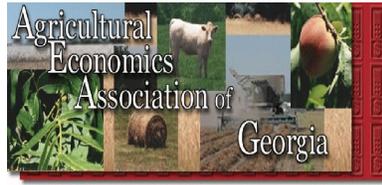

The Agricultural Economics Association of Georgia (AEAG) presents yearly awards to agricultural economists who have demonstrated outstanding achievement and leadership on a community, state, national, or international level. Candidacy is limited to agricultural economists operating in Georgia and/or graduates of a degree program offered by the Department of Agricultural and Applied Economics at the University of Georgia.

There are two awards which are based on the number of years of experience. The *J. W. Fanning Distinguished Young Professional Award* is presented to those with ten years or less of professional experience. The *J. W. Fanning Distinguished Professional Award* is presented to those with more than ten years of professional experience.

Nominations for the awards are accepted from anyone. AEAG members, faculty, alumni, students and agricultural economists in the state are encouraged to nominate qualified candidates for the awards. Also, agricultural economists should feel free to nominate themselves.

The nomination process is simple. Provide a brief description of the nominee's accomplishments, education, work experience, current position, past recognitions and awards, and contact information. Send nominations to the Agricultural Economics Association of Georgia, 303 Conner Hall, University of Georgia, Athens, GA 30602-7509. The deadline for award nominations is September 15, 2007. AEAG Board members will select award recipients. Both awards will be presented at the luncheon following the annual J. W. Fanning Lecture in November.
